21st Century Diversity Recruitment Workshop - By City of Vallejo and Benicia FDs

Venue: Cordelia Fire District Fire Hall
2155 Cordelia Rd, Fairfield, CA 94534 - Behind the fire station
Date: Monday - February 11, 2013
Time: 8 AM - 5 PM

Keynote Presenter: Ret. Fire Chief Michael E. Smith

We invite all Fire - Police & Public Safety Agencies in the South Bay Area To Partner and Attend this Workshop

Values:

In today's public sector milieu, resources are limited, thus warranting the need for organizations/departments to collaborate in an effort to accomplish their stated goals. Effectively solving the "inclusion problem" is no different--it too requires a comprehensive collaborative approach. The end aim is to relinquish the "talking" and move toward sustained collaborating so that all Americans can have an opportunity to compete for public safety careers and serve the public

Ideas:

Moving past the discussion on the importance of "Diversity" in the 21st Century Fire, Police and EMS Sector Careers to real-world collaborations that ensure a well educated, inclusive and high performing profession.

Purpose:

Moving past the dialog on diversity to forming collaborative efforts and best practices that lead to recruiting, training and educating a 21st Century Fire Service that reflects the American workforce. The problem (lack of diversity in the fire service across the United States) has been discussed to the point that it has become counter-productive in some circles. Several organizations across the United States have formed "Human Relations" or "Diversity Committees"-- end objectives and results are tepid at best. We support our Police and EMS Partners.

"Even if you contract Fire, Police or EMS we strongly encourage your agency to attend"

If your agency wishes to host this workshop please contact us at Contact@FirefightersABCs.com
