My EMT and Paramedic Savings

Start saving early! The earlier you start, the easier it is to make it to your goal of going to EMT school.

Grade Level

Monthly Savings

9th

EMT School = **\$1700** approximately
\$425 per year = **\$35** per month savings

10th

EMT School = **\$1700** approximately
\$556 per year = **\$47** per month savings

11th

EMT School = **\$1700** approximately
\$850 per year = **\$70** per month savings

12th

EMT School = **\$1700** approximately
\$1700 per year = **\$142** per month savings

Save for EMT, Paramedic school or other career training options. Open a membership savings account with a low minimum balance. The Credit Union will ask for your student status.

- Discuss the best option with your parents.
- Save a portion of your income each month.
- Consider a loan for school.
- Build your credit history by using your savings as collateral for your loan, plus you will have your full savings balance available to you once the loan is paid.
- Think about how you can best prepare for the cost of a career training program.
