#### **FPSI's Relationship with Firefighter's ABC's & The Firefighter Diversity Recruitment Council**

Fire & Police Selection, Inc. (FPSI) has teamed with Firefighter's ABC's to provide individuals with a comprehensive set of resources designed to help them realize their goal of a career within the fire service. Firefighter's ABC's supports aspiring firefighters through its National Recruit Data Base and its Entry Level Workshops. Importantly, the company formed the Firefighter Diversity Recruitment Council. This is a forum of fire departments from throughout the country that collaborates on the best ways to increase diversity within the fire service.

When you sign up to take FPSI's National Fire Select Test™ written test for entry-level firefighter positions, you will automatically receive a complimentary, one-year subscription to Firefighter's ABC's National Recruit Database. You can then go online to fill in your current profile and background. You will immediately start receiving regular emails with information on entry-level testing and job availability from fire departments across the country.

Also, the interactive format of the Database will give you an idea of your desirability as a candidate and identify areas that you can strengthen to make yourself a more viable recruit. As your qualifications change, you can update your profile and background. In addition to valuable job and testing announcements, you will regularly receive valuable tips on how to better prepare yourself for a rewarding career in the fire service.
