

April 12, 2021

Dear Friend,

Welcome to Firefighter's ABCs, where we support a more diverse and inclusive candidate pool with a focus on women and minorities in the Fire and EMS field. At Firefighter's ABCs, our goal is to provide support tools at no cost for diverse youth nationwide and in Canada.

We believe that by coupling the Firefighter Diversity Recruitment Council with the National Recruit Database and our 100% Free Firefighter's ABCs Online Internship Program, we provide a strong foundation to successfully address the pressing requirement for fuller diversity within the fire service.

While great strides are being made on this front, we cannot fight this battle alone. You are an essential component to ensuring continued and expanded access to our resources. At Firefighter's ABCs, we never charge youth for any support. Your assistance will enable our diverse and lower-income youth to obtain support information that is 100% free to them.

Your support—be it a small monthly donation or a small one-time donation—will go a long way in support of a more diverse candidate pool. [Click here for access to our online donations portal.\\*](#)

We ask that you please forward this letter of support to others in your network and kindly ask them to do the same.

If you would like your donation to be listed on the site, please follow up with an email to [accounts@firefightersabcs.com](mailto:accounts@firefightersabcs.com) with the following information:

Your first and last name  
Amount of your donation  
Other information you would like for us to know  
We will then add it to our list of donors

Lastly and most importantly, we ask that you encourage as many diverse youths starting at the 9th grade through and post-college to join our [100% Free Firefighter's ABCs Online Internship Program](#).

**Thank you for partnering with us as we work collaboratively towards a more diverse fire service nationwide!**

\*Firefighter's ABCs is not a 501c organization, so unfortunately, donations are not tax deductible under normal circumstances. Please consult with your tax advisor for specific information about your tax situation.
